PATENT

AMENDMENT(S) TO THE CLAIMS

I. (Currently Amended) A fundraising team sales method utilizing the internet, comprising the steps of:

entering a plurality of team member identifiers into a data storage, one of said plurality of team member identifiers being associated with a team member,

5 associating said plurality of team member identifiers to a plurality of products in said data storage;

providing a product brochure to said team member, said product brochure including descriptions of at least one of said plurality of products;

directly selling said at least one product to a first customer by said team member, thereby  
10 defining a direct sale;

accessing said data storage via the internet by a second customer;

selecting ~~one of said~~ one of said plurality of team member identifiers by said second customer; and

committing to purchase at least one of said plurality of products by said second customer,  
15 thereby defining an internet purchased product.

2. (Currently Amended) The method of claim 1, further comprising the step of combining said direct sale ~~sales information~~ with said internet purchased product.

3. (Currently Amended) The method of claim 2, further comprising the step of calculating prizes won by said team member ~~at least one of said plurality of team members.~~

4. (Original) The method of claim 2, further comprising the step of generating sales tax records relative to at least one state.
